Dear Kathy,

*staxi* was designed in response to the problems that hospitals face with wheelchairs, like theft and costly wheelchair maintenance. Developed by a leading research hospital, the *staxi* is simple to use, easy to find, hard to steal and built to last.

The standard *staxi* chair has a maximum weight capacity of 600lbs.

The *staxi* Max has a maximum weight capacity of 1,000 lbs and has an overall chair width of 40". (With Max 02 holder, the overall width of the Staxi Max is 42"). Measuring of doorways is recommended.

The *staxi* transport chair is backed by a three-year unlimited parts warranty.

Colors for the standard *staxi* chairs include Blue, Red, Silver and Diamond Black  
The bariatric *staxi* chair is available in Blue.
