- *Please send a copy of this to your RHC and you will be given a date to present to KET Coalition meeting. **To be on the agenda, please submit at least 1 week before the next scheduled meeting.***
- *Attach sheet with details of purchase (vendor, vendor contact information for payment, cost(quote), etc.)*
- *Keep in mind, purchases for routine organization operations or to meet joint commission requirements are not an allowable expense.*

**HazMat Latex Boots**

These 100% waterproof .70mm latex boots are the solution for chemical spill cleanup, pesticide spraying, light industrial and janitorial work, paint spraying and cleanroom use (with boot turned inside out). Grit sole produces slip resistance. Boots measure 12" high. This product contains rubber latex which may cause allergic reactions in some individuals.

12202 X-Large, 12 - 14	\$5.20	4.95

**The Clean Boot**

Wearing The Clean Boot means that you can work in stability and comfort, while demonstrating to your customer that you care about and respect their property. These boots slip over work boots or shoes quickly and easily. The rippled sole provides extra grip for safety and traction. Boots are durable, lightweight and machine washable. 25 pair per case.

**NEOS OVERSHOE Food Processing Overshoes**

These 100% waterproof overshoes are designed to handle the harshest food processing plant conditions. The .8mm urethane upper is lightweight, flexible and can be power washed for easy cleaning. The industrial outsole features a chevron tread design. 12" shoes can be fully sanitized inside and out to reduce this risks of cross contamination. Shoes stay comfortable in temperatures as low as 0°F. Steel toe style meets ASTM F2413-05 I/75 C/75.

27813 XX-Large	\$80.50	76.50	27818 XX-Large	\$91.10	86.55

**TINGLEY HazProof™ Boots**

These polymer boots are your best choice for chemical and hazmat cleanup, emergency response applications and domestic preparedness programs. Boots are manufactured with a larger foot area to accommodate for the extra bulk of an encapsulated suit. Stretch fasteners make taking the boots on-and-off easy, even when wearing gloves. Sure grip cleated outsole has excellent abrasion and slip resistance. Meets ASTM F1001 for hazardous chemical emergencies. Steel toe meets ASTM F2413-05 I/75 C/75.

## Tyvek Pro-Tech Type F - High Performance Chemical Suit

- \* A patented barrier laminated to a Tyvek® substrate.
- \* Strong and lightweight, with broad chemical barrier.
- \* Used for protection from chemical warfare agents.
- \* One Style Available - Each garment has been manufactured to meet the DuPont European standards, which includes: taped seams, respirator fit hood, elastic wrist and ankles, and storm flap over zipper.
- \* Seams: Taped, Color: Gray

Because Tyvek® Pro-Tech® F garments are only available with respiratory fit hood, storm flap and taped seams, these garments are intended for domestic preparedness situations where the potential for exposure to chemical warfare agents exists. When the hazard assessment consists of potential for exposure to the FBI's Toxic Industrial Chemicals most likely to be used in a terrorists threat, we suggest consideration of CPF 3 or CPF 4 since permeation data is available on a much broader spectrum of chemicals including chemical warfare agents. Comprehensive permeation and testing data is available here in the [Tychem Fabrics Permeation Guide \(.pdf\)](#) (starting on page 44)

[Tyvek Type F is now available in a tactical OD Green color - click for info.](#)

[Full Safety Kits](#)

AGM supplies hundreds of Police Departments and Fortune 500 companies with gas masks, gas mask filters, and all types of survival gear from NBC protective suits to Potassium Iodide and medical kits. Before you purchase a cheap, used mask take a look at our new masks from MSA, SGE and more. Many popular civilian gas masks are modeled after military units, like the MSA Advantage 1000. We offer brand new military masks like the MSA Millennium. For complete Nuclear, Biological, and Chemical protection we have new and surplus NBC suits, hoods, gloves, boots and more. Order online or call AGM anytime for all your safety supplies.
