DAVID WALTON  
FORT LOUDOUN MEDICAL CENTER  
550 FORT LOUDOUN MEDICAL CENTER DRIVE  
LENIOR CITY, TN 37772

Dear David,

staxi was designed in response to the problems that hospitals face with wheelchairs, like theft and costly wheelchair maintenance. Developed by a leading research hospital, the staxi is simple to use, easy to find, hard to steal and built to last.

The standard staxi chair has a maximum weight capacity of 600lbs.

The staxi Max has a maximum weight capacity of 1,000 lbs and has an overall chair width of 40". (With Max 02 holder, the overall width of the Staxi Max is 42"). Measuring of doorways is recommended.

The staxi transport chair is backed by a three-year unlimited parts warranty. Colors for the standard staxi chairs include Blue, Red, Silver and Diamond Black. The bariatric staxi chair is available in Blue.

Below is your staxi Price Quote.
