

**KET HC
MEETING
JUNE 2020**

**DID YOUR HVA HAVE
PANDEMIC
FLOODS
TORNADOS
RIOTS
AND KILLER HORNETS**

The image features three stylized 3D human figures against a light gray background. On the left, a white figure stands with its back to the camera, its right hand on its hip and its left hand resting on the shoulder of the central figure. The central figure is orange and stands facing forward with its arms slightly outstretched. On the right, another white figure stands facing forward, with its right hand reaching out towards the orange figure. The word "INTRODUCTIONS" is written in a large, bold, black, sans-serif font across the middle of the scene, overlapping the figures. The overall composition suggests a social or professional introduction.

Las Vegas Abstracts due

HRTS UPDATES

- **Bed Capacity Definitions (Proposed)**
-
- **Total Capacity:** The total number of beds (Capacity), by bed type, regardless of staffing.
- For example, if a facility total bed capacity is 200 beds, they might break down in the following manner; 125 Adult Floor Beds, 10 dedicated Emergency Room Beds, 25 Adult ICU Beds and 40 Psych Beds.
-
- **Current Availability:** The number (count) of beds that are *staffed and available or can be quickly (Hours)* (i.e **not currently occupied** by a patient), by bed type.
-
- ***NEW FIELD* Census:** The number (count) of *staffed* beds that are currently occupied by a patient, by bed type
- (in the current pandemic, only interested in this figure for Adult Floor Beds and Adult ICU Beds)
